

Perform Rescue from a Live LV Panel - LVR

Duration:

4 Hours

Max Students:

12

Designed for:

The target group is any person who perform rescues procedures from live Low Voltage (LV) apparatus, not including overhead lines and underground cables in the work place.

Pre-requisites:

HLTAID001 Provide cardiopulmonary resuscitation (delivered during conduct of course)

Co-requisites:

Nil

Pre-entry Requirements:

Nil

Description:

The course is designed to cover mandatory requirements of rescue from a live LV panel and how they apply in the context of transmission, distribution or rail work functions. It encompasses responsibilities for, health, safety and risk management processes at all operative levels and adherence to safety practices as part of the normal way of doing work.

There are two components to this course: a nationally recognised component which will provide learners with the confidence and competence required to provide CPR on an unconscious casualty.

Content:

- Legislative requirements to perform rescue from a live LV panel,
- Risk management,
- Prepare & carry out a rescue,
- Specific rescue and first aid techniques,
- Burns Management,
- Incident reporting

Units of Competency

UETDRRF06B Perform rescue from a live LV panel

HLTAID001 Provide cardiopulmonary resuscitation

Assessment:

Assessment for this unit of competency will be by simulation of work place practices. Assessment will occur over a range of situations. Assessment will be conducted through actual demonstration of competencies and written and oral testing of underpinning knowledge.

Delivery Method:

Training will be delivered utilising theory and practical activities. Simulation will be based on actual conditions and will include walk throughs of the relevant competency components. Delivery will include trainer led presentations / scenarios.

NSCA provide scheduled dates for courses in their public course schedules; these courses are subject to sufficient numbers of students wishing to undertake the training. Should a course be under subscribed the course may be deferred until it is viable to conduct the training. In this instance NSCA will contact the student enrolled to inform them and re-schedule. Dates listed on this flyer are subject to change; please refer to our website nsca.org.au for the latest public course dates.

*No GST is applicable to the cost of this course

Nationally Recognised Training will be conducted under the authority of Blackwoods Training Pty Ltd (RTO Provider No: 21897)
