

## Undertake First Response to Fire Incidents

**Duration:**

1 Day

**Max Students:**

15

**Designed for:**

This competency applies to students who are required to respond to fires in the workplace (other than evacuating to the assembly point). It covers the first response (only) to fire, and does not include aggressive fire fighting. Typically this response would be undertaken to contain/extinguish a minor fire or to contain a more major fire while external help arrived.

**Pre-requisites:**

Nil

**Co-requisites:**

Nil

**Pre-entry Requirements:**

Unique Student Identifier (USI) - [www.usi.gov.au](http://www.usi.gov.au)

Fitness to participate

**Description:**

This unit is designed to ensure that an appropriate first response to fire incidents in onshore and offshore situations/emergencies is achieved. This competency applies to students who are required to respond to fires in the workplace (other than evacuating to the assembly point). It covers the first response (only) to fire, and does not include aggressive fire fighting. Typically this response would be undertaken to contain/extinguish a minor fire or to contain a more major fire while external help arrived.

**Content:**

Specific skills are required to achieve the performance criteria in this course these are as follows:

- Site specific alarm procedures
- Characteristics of fire and fuel types
- Composition and uses of extinguishing agents
- Basic fire fighting equipment
- Site or organisation emergency procedures and response plans
- Site specific isolation procedures
- Liaison techniques with third parties
- Procedures to isolate pipeline sectors

**Unit of Competency**

MSMWHS212 Undertake first response to fire incidents
