

2020 COURSE INFORMATION FOR GWO - SAFE WORK AT HEIGHTS

**Duration:**

2 Day

Max Students:

12

Designed for:

Our nationally accredited height safety training course is designed for persons who are required to work at height. The course is designed to expose students who work at height to a broad range of height risk situations and to correctly implement a safe working procedure. The successful student will be competent to work at height using applicable fall protective equipment.

Pre-requisites:

Nil

Co-requisites:

Nil

Pre-entry Requirements:

Unique Student Identifier (USI) - www.usi.gov.au

Fitness to participate

Winda ID - www.globalwindsafety.org

Description:

The aim of the course is to provide the participants with the necessary basic knowledge and skills through theoretical and practical training to use basic fall protective equipment, to perform safe work and to conduct safe and basic rescue from heights at 6.7m which is approved according to the GWO Basic Safety Training module Working at Heights.

On completion of this course, the delegate is considered competent to conduct work at heights at GWO accredited companies or sites.
